OLD GLORY

May she wave  
the land of the free

Orator of the Day at Hondo's  
Armistice Day Celebration.

Hon. John N. Garner, member of  
Congress from the 15th Congressional  
district, was the orator of  
the day. His address was brief but  
pointed, and the Judge defined his  
position on some of the leading issues  
of the day in his usual frank and  
unequivocal way. His years in Congress  
and close contact with the opposition  
forces, both open and insidious, have served to confirm him

low cost car CAN be dependable. The Star

is surprising how much room there is in the

## Mass Meeting

### (IMPORTANT BUSINESS).

All citizens interested in the hold-  
ing of a County Fair next year are  
hereby urgently requested to attend  
a mass meeting to be held at Hondo,  
Texas, at the Chamber of Commerce  
Hall on Monday, November 26th,  
1923, at 2:00 o'clock P. M.

Mr. Citizen: If you are interested  
in the progress and prosperity of  
Medina County, then attend this

attendance at this meeting, the mat-  
ter of holding future Fairs will be  
dropped and permanently abandoned.  
C. M. Merritt, Secretary.

### BITTEN BY MAD DOG.

Emil Muennink and a 7-year-old  
Mexican boy are at the Pasteur In-  
stitute, Austin, taking treatment as  
the result of being attacked by a dog  
suffering from rabies, Mr. Muennink  
going over Thursday and the Mex-  
ican boy going over Friday. The  
two victims were attacked Monday.  
The dog's head was sent to Austin  
for examination and the report from  
the institute shows the animal was  
suffering from a very pronounced  
case of rabies.

Mr. Muennink received but a slight  
laceration to one of his arms, but  
fearing to take any chances, went  
to Austin for treatment. The Mex-  
ican child was more severely wound-  
ed.

The local physicians, on examining  
the dog's head, declared the animal  
suffering from a well developed case  
of rabies, but nevertheless forwarded  
the head to the Institute where they  
are better prepared to make the ex-  
amination, and the report from that  
institution bore out their diagnosis  
conclusively.

No one knew the dog or where it  
came from.

### "A. A. A." CLUB.

Misses Lillian and Josephine Brucks  
were hostesses to the Triple A. Club  
Saturday afternoon. None of the O. L. L. students were home but  
Octavia Davis came over from her  
school. The absence of the secretary  
dispensed with the minutes.

Plans were set afoot for a Christ-  
mas dance. A clever music contest  
was enjoyed. Mrs. Cockrell won a  
dainty hankerchief here and Mrs. W.  
Rothe won another in a second contest.  
Miss Jessie Blocker was a guest.

A most delicious salad course, pin-  
apple salad with sandwiches, cake and  
hot tea, completed a delightful after-  
noon.

### PHILATHEA CLASS.

The Philathea Class met with Mrs.  
Sidney Fly, Tuesday afternoon. Min-  
utes and roll call were followed by  
discussion of the 14th chapter of  
John. Mrs. John Horger was leader.

Sandwiches, cake and hot choc-  
olate were welcome refreshments  
during the informal talk following  
the lesson.

The next lesson will be the 15th  
and 24 verses of the 16th chapter  
of John.

### CARD OF THANKS.

We wish to thank all our kind  
neighbors and friends who were so  
willing to help us in the hour of our  
great sorrow; for the many beautiful  
flowers, and the ladies for their sing-  
ing, and Rev. G. E. Gruer for the  
consoling words at the grave of our  
dear baby son and brother.

Mr. and Mrs. R. Schwarz  
and family.

### ATTENTION.

will begin a series of meetings for  
the Church of Christ, at Hondo, be-  
ginning Sunday, the 25th of this  
month. Services at 11:00 o'clock Sun-

### TWICE-TOLD TESTIMONY.

Hondo People Are Doing All They  
Can For Fellow Sufferers.

Hondo testimony has been pub-  
lished to prove the merit of Doan's  
Kidney Pills to others in Hondo who  
suffer from bad backs and kidney ills.  
Lest any sufferer doubt this evidence  
of merit, we produce confirmed proof  
—statements from Hondo people who  
again endorse Doan's Kidney Pills—  
confirm their former testimony.  
Here's a Hondo case:

Thos. McCall, carpenter, says:  
"I came down with an attack of kid-  
ney trouble. I had such a severe pain in  
my back, I could hardly stoop or  
lift anything. My back pained all the  
time and made it difficult for me to  
do my work. I had heard Doan's  
Kidney Pills highly spoken of so I  
bought some at Windrow's Drug  
Store. Doan's helped me right away  
and two boxes removed the trouble."

FOUR YEARS LATER, Mr. Mc-  
Call added: "I have used Doan's  
Kidney a few times for a slight back-  
ache since they cured me four years  
ago. I think just as much of Doan's  
as ever."

Price 60c, at all dealers. Don't  
simply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that  
Mr. McCall had. Foster-Milburn  
Co., Mfrs., Buffalo, N. Y.

### MARRIED...

Lamm, our popular Justice of the  
Peace, tied the nuptial knot in  
his impressive manner.

This paper joins the many friends  
of the happy pair in congratulations  
and best wishes for a prosperous  
journey down life's pathway.

## AT THE STAR TONIGHT.

Tons of ice-clogged water sweeping furiously over jagged rocks; a man and a girl caught in the surging onrush of the river; their skin cut and bruised by contact with ice and rocks; their bodies numbed from the excruciating cold; fighting with a courage borne of desperation against the merciless tide that swept them gradually towards the brink of a mighty falls—that, in brief—forms one of the stirring climaxes of "The Snow-Shoe Trail", Jane Novak's latest starring vehicle scheduled for exhibition at the Star Theatre tonight.

Beautiful, delicately charming Jane Novak and rugged Roy Stewart risked their lives repeatedly in the filming of this thrilling episode which will be shown with crushing realism on the screen. Once they were caught in the swift-moving current they had to trust to luck and the grace of God they'd come out of it alive. The result of their daring and devotion to art are shown plainly in the tensely dramatic development of the scene in question.

The adventure in the rapids, during a lashing blizzard, is but one of the big scenes that combine to make Miss Novak's latest F. B. O. release one of the most thrilling vehicles in which she has ever appeared.

## WITH THE DRILLERS.

Owing to the very inclement weather which has prevailed the past week, but little new, as far as we know, has developed among the drillers.

Two wells, the McBride on the Adams ranch, and the Wolff on the Mofield ranch, are just now the centers of interest among oil men, and had it not been for muddy roads, delaying equipment, both would have been drilled in the past week. The McBride well has cemented and when it is set will drill in. This well is down approximately 1100 feet and it is said the drill is resting on top of the oil sand. The promoters of this well are very reticent, giving out no news as to their prospects. Oil men, experienced in the game, predict the well will be a liberal producer. The Wolff well is delayed on account of casing, which is held up on account of muddy roads. This well is down approximately 860 feet. A rich core was taken from this well last week-end, and oil men are expecting it to be a big pay proposition. Weather conditions permitting, there is but little doubt that these two wells will be drilled in the coming week.

The Ina Co. has drilled through the rock in their No. 2, and has struck another and richer sand and a much higher gravity oil, but so far as we are advised, a test has not yet been made. The Ina No. 1, the discovery well, with an opening of but 2 1/2 inches at the bottom, is pumping about 30 barrels a day. Owing to the smallness of the hole at the bottom the driller was unable to go through the oil sand. We understand an effort will be made to go to the bottom of the sand in No. 2.

We understand a new derrick on a new location some distance from any of the wells now being drilled will go up as soon as weather conditions permit, but as we have no definite information, will have to await further development before giving a more extended mention. The driller on the L. J. Schmidt Briar Branch ranch, some 500 yards down the Hondo from the Ina Oil Company's wells, has encountered some hard drilling, having struck rock. However, things are going better now and greater progress is now hoped for.

Representatives of the Williams Oil Company of San Antonio unloaded a drilling outfit here Thursday and will take it to the Frank Moebius farm, a few miles west of the Ina Oil Wells, where a new test well will be spudded in immediately. This test will determine whether or not the Ina Oil pool extends that far in a westerly direction.

The average assessed value of land in this county is \$6.68 per acre.

As the county tax rate varies in each precinct in the county owing to special taxes having been voted, anyone desirous of arriving at his indebtedness to the county can add the special taxes to the county tax rate which is 90 cents on \$100 valuation and 75 cents on the \$100 valuation the state rate—a total of \$1.65. Add the special taxes to this and you will know how deep you will have to dig into your jeans to satisfy the debt you owe the state and county.

Tax paying time is again at hand and you have till the last day of January, 1924 to liquidate your indebtedness. There will be no gain days for tax receipts, nor any discounts for cash. Should you fail to pay, however, in the specified time you will find a 10 per cent additional as a penalty added to your taxes for your negligence. Your taxes are burdensome enough as they are, so you had better keep the limit in mind and avoid the penalty.

#### GUENTHER H. ROTHE.

The sad news of the death of Guenther H. Rothe at his home in San Antonio reached here Saturday night, a few minutes after the death occurred. While death was not wholly unexpected, it, nevertheless, was a severe shock to his relatives and friends here, who were still hoping for his ultimate recovery from the ravages of that dread disease, cancer.

Mr. Rothe was born at the ranch house, several miles north of town, on Aug. 8, 1895, therefore, was twenty-eight years, three months and two days of age at the time of his death which occurred Saturday, Nov. 10, at 6:00 P. M. He grew to young manhood here, attending school here and college at San Antonio, after which he took his place on the ranch throughout the war in the Hospital Corps.

He was married in 1917 to Miss Hattie Reiley, of Sabinal, who survives him. After his discharge from the army, he engaged in the cattle business at San Antonio and prospered, as his knowledge of live stock gained in association with cattle men while on his father's ranch proved of great value. He retired from active work some months ago due to failing health. The very best of medical attention was given him and all that loving hands and hearts could do to alleviate his suffering in his last days was given, but the messenger of Death could not be stayed. The funeral occurred at San Antonio Monday, Nov. 12, at St. Mary's cemetery, Rev. F. Nickols of St. Ann's officiating. Rev. Nickols made a very touching talk. He had been a life long member of the Catholic Church and goes to claim the reward of a faithful Christian in that kingdom prepared by Him for those worthy to be called His children. The pall bearers were Messrs. Gus Rothe, Arnold Rothe, Oscar Rothe, Maurice Cohen, Robert Mair, and Teiman Harper.

Surviving him are his mother, Mrs. Emma Rothe, four sisters, Mrs. John Finger of Hondo, Miss Meta Rothe (Sister Mary Margaret) of Amarillo, Texas, Misses Tina and Agnes Rothe, and one brother, Eric Rothe.

A good man, a loving husband, a faithful Christian and a true friend has departed this life. May he rest in peace.—The D' Hanis Star.

#### TOBIAS HERBST.

News reached here last Sunday that Tobias Herbst was buried in the Yancey cemetery on Saturday, November 10th, having died suddenly on Friday, November 9th.

Although he had complained of having Lagrippe, he worked in the field shortly before his death at Charles Bohmfall's place at Yancey where he made his home.

Mr. Herbst came to Medina County with his wife in 1884. He rented a place of Louis Boehle, at Quihi, later of Joe Breiten, then of Ludwig Mummen and also lived at the old Britsch home at Vandenberg. In 1887, he bought a homestead on the Tehuacana Creek. Here he built his house, dug wells and cleared out the brush to a considerable farm. But it seems that the loneliness had a depressing effect on Mrs. Herbst. She contracted a case of melancholy and had to be taken to a Sanatorium in San Antonio, where she has lived for many years in a hopeless condition.

The couple came from the city of Leipzig, Saxony, Germany, direct to Quihi. They had no children, but have relatives in Germany.

Years ago Mr. Tobias Herbst sold his homestead on the Tehuacana to Charles Hartman and afterwards also sold a small sheep ranch in the Storm Hill district. He made his home with different families around New Fountain and Yancey. Although no dates are at hand about the age of the deceased for this writing, Mr. Herbst is judged to be at about 75 years old at the time of his unexpected death.

Always jovial and content, a hard working pioneer, a good Christian, he was well liked by all who knew him. May he rest in peace.

#### TO THOSE IN ARREARS.

Most of our subscribers renew their subscription, but there are some who settle up annually in the fall and occasionally some one overlooks this little matter and lets a year or two slip by unnoticed. This little reminder is to request all who can to remember the printer when making their fall settlements. Fair crops and good prices have made money fairly easy for most people. Pay these small amounts to the printer and make it "easier" for him.

We thank you—now!

Very gratefully,

#### THE RAIN.

After several days threatening weather, rain began falling here about 6:00 o'clock Tuesday evening and continued with short intermissions during the night and Wednesday, the inclement spell totaling 2.22 inches. The rain was of great value to the oat crop, where planted, and splendid for the ranches, filling water holes and helping the grass. All streams were somewhat swollen but not sufficiently high to do any damage. The Hondo came down approximately eight feet high over the slab at the Stegler crossing, and some damage was done there by the washing out of gravel at one end of the slab. Everyone now is wishing for some two or three weeks of clear weather.
